## War & Politics

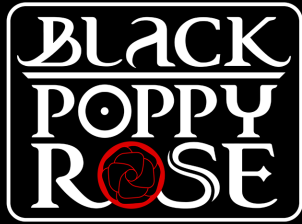

The relationship between War and Politics is key to the changes we continue to see within the

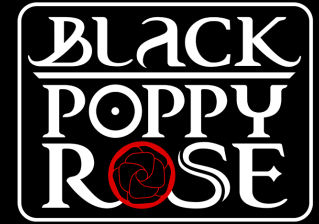

'Black', 'African', 'West Indian', 'Caribbean', 'Pacific Islands', 'Indigenous Nations' communities.

We have chosen a few individuals within History to show the connectivity between Military/Governmental service and how it influences the minds and visions of all who experience these environments.

# Haitian Revolution Leaders in War & Politics

Toussaint L'Ouverture, Henri Christophe, Alexander Pétion, Jean Jacques Dessalines

The only African Nation to gain independence from their Colonial Master – France

- What does it take to Lead?
- What does it take to understand your worth?
- What does it take to develop the skills to navigate in a world with a History filled with so many unhealed traumas?

Policies, Economic Stability, Generational development, Future goals...
